## Education

**Southern Alberta Institute of Technology (SAIT)**

GPA: **3.75 / 4.00**

Diploma in Software Development

Expected Graduation: April 2025

## Relevant Skills:

(Proficient): TypeScript, JavaScript, Python, React, Node.js, NestJS, React Native, HTML, CSS, ES6, Java, SQL, Git, Gnu/Linux.

(Familiar): C#, AWS (DynamoDB, Cognito, S3, CloudFront), Firebase, NoSQL.

## Work Experience / Projects

- **Frontend Developer - Educational AI Platform** May 2024 - Oct 2024
  - Led complete development of CaseCraft using **React**, **TypeScript**, **Vite**, and **Mantine UI**, transforming case study creation in teacher education.
  - Built key features including context-based customization, AI integration for scenario generation, and automated document export functionality.
  - Contributed to Ally's frontend development, enabling **AI-powered** personalized learning plan generation.
  - Implemented core UI architecture and user authentication using **AWS Cognito** and **AWS Amplify**.
- **Mobile App Developer - Sidewalk Navigation Project** Jul 2022 - Aug 2022
  - Under the supervision of Dr. Far at the University of Calgary
  - Developed full-stack native mobile application for sidewalk navigation on iOS and Android platforms.
  - Implemented API endpoints and data models using **Node.js** and **Firebase**.
  - Built responsive UI/UX using **React Native** with integration of **Google Maps** and **Google Cloud** services.
  - Collaborated with team members using **Git** and **GitHub** for version control and project management.
- **Full-Stack Software Developer - Meyar Keyfiat Co.** Jul 2021 - Jan 2022
  - Developed comprehensive web application using **Django** and **Python** for real-time wagon inspection data management.
  - Designed and implemented scalable database schema and optimized query performance for handling large-scale data using **SQLite**.
  - Created user-friendly interface focusing on smooth navigation and efficient data rendering.
  - Maintained regular client communication to ensure requirements alignment and project updates.

## Certificates

- **CompTIA Network+**
  - Issued by SEMATEC, March 2019
- **Web Design (HTML, CSS, Dreamweaver, Bootstrap, Javascript, JQuery)**
  - Issued by SEMATEC, March 2019

## Activities

- SAIT Student Code Club - SSC 2024-2025
